Web Developer

A Full Stack Developer and Tech Tutor.

EXPERIENCE

Software Developer (Consultant) - Xpanxion LLC, Ft Collins, CO

July 2015 - Present

Develop the front end of a green field application as part of a world-wide distributed agile team with Angular 5 / AngularJS, HTML, and CSS / SASS.

Develop reusable, customizable components ensuring consistency across application.

Identify and document risks and potential issues and develop API testing automation.

Other technologies used on my various projects here include: Oracle DB, JSP, Java 8, and development of REST APIs.

Full Stack Web Development Tutor - CareerFoundry GmbH, Berlin

Feb 2018 - Present - Online

Evaluate student work and give actionable suggestions to improve the quality of student submissions and portfolio projects.

Work closely with mentors to provide guidance and advice to students on creating an industry-ready portfolio of projects in line with current standards and best practices.

Identify individual student needs and strategize on how to close specific skill gaps by suggesting supplementary materials for areas where students may be struggling.
